

Customer review for „Chest guard classic summer“

From: grace | On: 17 Oktober 2019

Fantastic!

This chest guard is fantastic and I highly recommend it, it's extremely comfortable and it doesn't move or slide around and the fit is fantastic, especially for women. I don't feel the sleeve at all, the material is very lightweight. Thank you again for such a thoughtful design! It feels wonderful to have a chest guard that is so comfortable to wear and that I don't have to constantly adjust. I love it!
Thank you Nadja!

Perfect fit

Medium size arrived Friday, fit was perfect over a polo shirt nice and snug not too tight with adjustment / room to wear it over extra layers if need arises, well it is England! Went down to my club later same day to practice. To be honest I hardly noticed I was wearing the chest guard it was so comfortable. I draw the bow string close to my chest but had no issues with the string snagging during 3 hours shooting.

Several of the club members were impressed with the quality & fit so I pinned up your flyer & contact details on the notice board they asked me for an honest opinion, regarding ordering & the cost was it worth it compared trying one from local archery shop. My simple answer was in 21 years experience I haven't found anything better, I'm so pleased I will be ordering a 2nd one once I can decide on the colour. So thanks for such a great product and excellent service both worth every penny.

Best regards, Dave Hunter

Comfortable and well-fitting

Hello Nadja,

I just wanted to thank you very much for the chest guard which arrived today. I've been shooting less than a year and the one thing I've really struggled with is being uncomfortable and having to constantly readjust my chest guard. The Artebo is more comfortable and well-fitting than I'd ever imagined it would be, so comfortable I didn't really know I had it on at all, especially when shooting. I'm taking part in a competition tomorrow and am looking forward to having one less thing to worry about so I can concentrate on my shooting. I have no doubt that I'll get lots of interest from other ladies with the same issue and won't hesitate to recommend the Artebo products and you as well, as the personal, friendly and expert service I have experienced has been exceptional.

Once again, thank you. I'm sure I'll be back again in the future for something else from your range!

Best wishes, Kathryn Robertson

Awesome Shoulder Guard made by Awesome People

I have been using this shoulder guard for over seven months now and it is the best shoulder guard that I have ever used (and I have tried a lot of the brands out there). This is the only one that actually fit me perfectly and didn't get in the way of my shot process. Plus, it is so much more comfortable to wear than any of the other brands. I don't even notice that I am wearing it when I am shooting. Seven months in and it is still going strong and working fantastic. If you are an archer with a bust, this shoulder guard is a must!

I wish I'd had this guard when I started archery

Just tried the guard today and it was just so blissful to wear! No pulling up, pulling down, sideways after every shot – or cutting into my ribs. Barely knew it was there at all - except when I could feel my string touching the leather and it not grabbing/gripping. No more 'mystery' shots from clothing!

So pleased - thanks so much Nadja! Couldn't love it more.

Excellent service

Excellent service and a great product. Bought one for my daughter and she finds it really comfortable. She wears it all the time. She tried others but found them uncomfortable. The chest guard we bought from Artebo is so comfortable that she often forgets to take it off before leaving the range.

My order arrived yesterday. Thank you for the speedy dispatch and delivery. I shot with it today. I am very impressed, It fits me perfectly is very comfortable and does not move while I shoot. In 40 years of shooting it is the best chest guard I have ever had. Thank you so much for taking the time to convince me of the correct size.

Just received my chest protector

Hi Nadja! I just received the chest protector and it's amazing! It fits like a glove! I can't believe how comfortable it is – I can move my entire upper body and I don't even feel the protector. I can't thank you enough for customizing it so perfectly. Your craftsmanship is second to none. wonderful work!

Thanks again! Happy Shooting!

Chest guard arrived today

I have tried it on & the fit is excellent, you don't notice you're wearing it, which I guess is down to the guard being made from soft but durable fabrics, so the experience is very different from any other guard on the market, which is very good. Price wise the product is obviously aimed at the top of the market but having received the product it's obvious that this is a quality piece of sports performance wear, superbly constructed & worth every penny / (euro!) I had a guard before but I found my string kept snagging on the plastic detailing at the front, which was very distracting at full draw.

I can see you have invested a lot of thought & research into designing this product which you don't get from faceless corporations. This is very encouraging & just what us discerning archers want. So well done Artebo, 10/10!!!!!! I will wait to see what response it receives when I wear it at my club on Saturday.

All the best.

From: Sue Day | On: 20 July 2019

Loving the new cap

Very light and easy to wear, loving the fact that the ‚visor‘ bit is also soft and flexible. Plus it is washable. Perfect for the hot, sunny days.
